God has blessed us abundantly this year!

THE MISSION CONTINUES. It would be an understatement to say this has been a strange academic year. Yet, I am amazed how much we accomplished during these Covid days. Not certain of any on-campus presence when the year started, we not only continued building on the ministry of years past but witnessed great growth (see inside).

The flexibility and desire of staff and students to carefully accept pandemic challenges allowed us to continue our mission. Highlights: retreats and bringing an international FOCUS SEEK21 conference to campus via internet for 125 students. We took over nearly every public campus space to have our SEEK small groups meet in person or online.

Due to a cancelled March spring break, our Spring Mission Trip was, instead, held in January. The great friendships, as well as the shared spirit of mission, springing from this experience allowed the 16 who went to Cincinnati to continue to grow. It seems they do everything together now. Five have taken jobs at Camp Gray, a Catholic summer camp in Wisconsin.

MASS CONFUSION. We have followed strict protocols of sanitation, spacing and masking to have as many people in attendance at Mass as was prudently possible. We continue this path forward, but we have hope we may be able to ease restrictions a bit more in the near future.

LOOKING AHEAD. Our blessings to the seniors who have been active in their faith journeys during their UI academic careers. We are proud to say with confidence they will bear fruit as disciples for the Church and the world. Up to five of these seniors will begin missionary work with the Fellowship of Catholic University Students (FOCUS) this summer. Like the Newman Center FOCUS missionaries we have worked with in much gratitude over the past three years, the new grads will work at other universities nationally, winning college students for/to Christ.

I am also excited and proud of some underclassmen who are taking on service and mission for the summer. We have 2 students joining FOCUS Summer Missions, one in Michigan and one in Georgia. Another student will serve with Christ in the City in Denver. Two students who went to Cincinnati this past January are going back to work with BLoC ministries. And, as mentioned earlier, 5 will be working at Camp Gray in Wisconsin. I plan a pastoral visit up there this summer to check in with our students and potentially give them a few pointers (I used to run camps for a living, prior to switching gears and becoming a priest).

I pray all of us can find some authentic human contact this summer. Enjoy your family and friends. And if you find yourself in Iowa City, please stop in and reconnect.

Fr. Jeffrey Belger,
Priest Director

Graduating seniors gather with Fr. Jeff after the Baccalaureate Mass on May 6th. Our prayer for these new alumni...Vaya con Dios! Take 5 minutes to hear from a few 2021 grads about their Newman Center experiences: https://youtu.be/U3CLHxJ5m_g

Newman Center is 100% self-funded through private donations. Gifts can be made securely online on our website: www.iowacatholic.org or by mail at 104 E Jefferson St., Iowa City, IA 52245. We are grateful for, and blessed by, YOU!

SPRING FOCUS HIGHLIGHTS

by Luke Landiak, Team Leader

The Fellowship of Catholic University Students (FOCUS) is a Catholic collegiate outreach whose mission is to share the hope and joy of the Gospel with college and university students, inspiring them to a lifetime of Christ-centered evangelization, discipleship and friendships in which they lead others to do the same.

As the third year of the Newman Center-FOCUS partnership comes to a close, we are excited about, and encouraged by, the numbers of UI students who continue to grow in their faith through invitation and participation. Following additional missionary training this summer, we look forward to the fall of 2021 to continue to grow in this ministry program.

Currently, we have:

- 245 students who have attended Bible study at least 1 time
- 170 “consistent” Bible study participants who have come at least 4 times
- 37 students meeting weekly for discipleship formation, growing in prayer, fellowship, evangelization and leadership
- 19 students leading Bible studies
- 13 students who went to Cincinnati in January to serve the poor in Price Hill
- 148 students registered for the national SEEK conference held online in February
- 5 seniors applied and 4 interviewed so far to become a FOCUS missionary for next year

At the end of May, we say goodbye to FOCUS missionaries Drew Grattafiori and Aurelia Isenbart. Drew is headed to Nashville, TN for a corporate job and Aurelia will be moving to Des Moines, IA to become a FOCUS team leader at Drake University. We wish them well in their new endeavors! Liz Foley and I will return to The University of Iowa campus next year. We will welcome two new teammates this summer. We ask you to pray for our FOCUS team and the students, especially those who are in discipleship, as we continue to spread the good news of the Gospel on Iowa’s campus!

Graduating seniors, Camryn Miller, Lucero Manzanares and Olivia Ahlberg, will spend the summer training to become FOCUS missionaries. Each will be assigned to a university campus as part of a FOCUS missionary team for the Fall 2021. Two other recent UI grads are awaiting notification of an offer from FOCUS.

ALUMNI CORNER - JULIA WATERS '21

Throughout my freshman year at Iowa, I knew the Lord had placed a desire in my heart to grow in my faith, but I had no idea what that meant or looked like. I found myself struggling to allow the Lord in my life. It wasn’t until my sophomore year when FOCUS came to the Newman

Center and I took a chance on a Salvation History Bible study, where I realized the desire I had been feeling was to pursue a personal relationship with the Lord. Through my encounter of God the Father in daily prayer, I began to learn my identity as a daughter which has joyfully transformed my college experience. As I currently lead a group of my sorority sisters through Salvation History, I can’t help but smile and give thanks to the Lord for placing a FOCUS missionary in my life three years ago. It has been a beautiful blessing to be inspired to boldly live my faith from the example of the FOCUS missionaries, to be encouraged to share authentic friendship in my house and to witness the graces that have poured out from a simple yes. I am confident that the Lord will continue to reach the hearts of countless students on campus through the works of Newman Center and FOCUS and am grateful to have the Lord steadfast, in the center of my life, walking with me in my lifelong discipleship.
